

BIM Handbook: A Guide to Building Information Modeling for Owners, Designers, Engineers, Contractors, and Facility Managers (Hardback)

By Rafael Sacks, Chuck Eastman, Ghang Lee,

John Wiley & Sons Inc, United States, 2018. Hardback. Condition: New. 3rd Edition. Language: English. Brand new Book. Discover BIM: A better way to build better buildings Building Information Modeling (BIM) offers a novel approach to design, construction, and facility management in which a digital representation of the building product and process is used to facilitate the exchange and interoperability of information in digital format. BIM is beginning to change the way buildings look, the way they function, and the ways in which they are designed and built. The BIM Handbook, Third Edition provides an in-depth understanding of BIM technologies, the business and organizational issues associated with its implementation, and the profound advantages that effective use of BIM can provide to all members of a project team. Updates to this edition include: Information on the ways in which professionals should use BIM to gain maximum valueNew topics such as collaborative working, national and major construction clients, BIM standards and guidesA discussion on how various professional roles have expanded through the widespread use and the new avenues of BIM practices and servicesA wealth of new case studies that clearly illustrate exactly how BIM is applied in a wide variety of conditions...

Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e book. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

-- Cathrine Larkin Sr.

Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.

-- Mark Bernier
